

DRIVER EDUCATION

The Basics:

Driving an automobile safely and responsibly is one of the most important skills you will learn in your lifetime.

Students must be 15 years of age by the last day of class. This course consists of the State-required 30 hours of classroom instruction and 6 hours of Behind-the-Wheel. The classroom prepares the student for the written permit test. Upon completion of the classroom and obtaining a driver's permit, Behind-the-Wheel education will be scheduled by the teachers with the individual students. The Behind-the-Wheel component prepares the student for the road test. A student is required to have their permit for six months and be 16 years-of-age before they are eligible to take the road test for their driver's license. After successful completion of classroom

instruction, the student has 18 months to finish the Behind-the-Wheel portion of the program. A refund minus a forty-dollar (\$40) fee will be issued upon request for cancellation from the program. Refunds will not be issued after one year from the beginning date of classroom instruction.

Cost: \$305

Payment plans: 1] Full payment with application or
2] \$155 with application plus \$150 before Enrollment Card is issued.
